Cybersource Corporation (Cybersource) furnishes this document and the software described in this document under the applicable agreement between the reader of this document (You) and Cybersource (Agreement). You may use this document and/or software only in accordance with the terms of the Agreement. Except as expressly set forth in the Agreement, the information contained in this document is subject to change without notice and therefore should not be interpreted in any way as a guarantee or warranty by Cybersource. Cybersource assumes no responsibility or liability for any errors that may appear in this document. The copyrighted software that accompanies this document is licensed to You for use only in strict accordance with the Agreement. You should read the Agreement carefully before using the software. Except as permitted by the Agreement, You may not reproduce any part of this document, store this document in a retrieval system, or transmit this document, in any form or by any means, electronic, mechanical, recording, or otherwise, without the prior written consent of Cybersource.

Restricted Rights Legends

For Government or defense agencies: Use, duplication, or disclosure by the Government or defense agencies is subject to restrictions as set forth the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 and in similar clauses in the FAR and NASA FAR Supplement.

For civilian agencies: Use, reproduction, or disclosure is subject to restrictions set forth in subparagraphs (a) through (d) of the Commercial Computer Software Restricted Rights clause at 52.227-19 and the limitations set forth in Cybersource Corporation's standard commercial agreement for this software. Unpublished rights reserved under the copyright laws of the United States.

Trademarks

Authorize.Net, eCheck.Net, and The Power of Payment are registered trademarks of Cybersource Corporation. Cybersource, Cybersource Payment Manager, Cybersource Risk Manager, Cybersource Decision Manager, and Cybersource Connect are trademarks and/or service marks of Cybersource Corporation. Visa, Visa International, Cybersource, the Visa logo, and the Cybersource logo are the registered trademarks of Visa International in the United States and other countries. All other trademarks, service marks, registered marks, or registered service marks are the property of their respective owners.

Confidentiality Notice

This document is furnished to you solely in your capacity as a client of Cybersource and as a participant in the Visa payments system.

By accepting this document, you acknowledge that the information contained herein (the Information) is confidential and subject to the confidentiality restrictions contained in Visa's operating regulations and/or other confidentiality agreements, which limit your use of the Information. You agree to keep the Information confidential and not to use the Information for any purpose other than its intended purpose and in your capacity as a customer of Cybersource or as a participant in the Visa payments system. The Information may only be disseminated within your organization on a need-to-know basis to enable your participation in the Visa payments system. Please be advised that the Information may constitute material non-public information under U.S. federal securities laws and that purchasing or selling securities of Visa Inc. while being aware of material non-public information would constitute a violation of applicable U.S. federal securities laws.

General Information

These release notes cover all releases to the production server for the week ending June 4, 2021.

Announcements

Cybersource through VisaNet Rebranding

The Cybersource through VisaNet product is now called *Visa Platform Connect*.

Features Introduced This Week

- [RM-10052] The Boarding UI is updated to use default templates within the Boarding Package and Default Profile Template API.
- [RM-10312] The transaction search advanced filters now support searches by billing phone number or shipping phone number.
- [RM-10601] Secure Acceptance has updates for the Madagasy currency exponent, and now displays the symbol "Ar" for the Madagasy Ariary. Secure Acceptance also now supports two fields, the Account Transaction Identifier and the Subsequent Authorization Stored Credentials.
- [RM-9038] The Business Center now has a user interface for both internal and external users for determining a list of sub-processors.
- [RM-9463] A new Recurring Billing Detail Report is now available in the report type dropdown menu.

Fixed Issues

- [RM-10063] Merchants using the same Global Connect MID are no longer billed in duplicate.
- [RM-10546] The Magalasy Ariary now properly follows the ISO standards for the currency inside Payer Authentication.
- [RM-10625] Transactions no longer fail when the **e_commerce_indicator** field is set to "spa".
