Cybersource Corporation (Cybersource) furnishes this document and the software described in this document under the applicable agreement between the reader of this document (You) and Cybersource (Agreement). You may use this document and/or software only in accordance with the terms of the Agreement. Except as expressly set forth in the Agreement, the information contained in this document is subject to change without notice and therefore should not be interpreted in any way as a guarantee or warranty by Cybersource. Cybersource assumes no responsibility or liability for any errors that may appear in this document. The copyrighted software that accompanies this document is licensed to You for use only in strict accordance with the Agreement. You should read the Agreement carefully before using the software. Except as permitted by the Agreement, You may not reproduce any part of this document, store this document in a retrieval system, or transmit this document, in any form or by any means, electronic, mechanical, recording, or otherwise, without the prior written consent of Cybersource.

Restricted Rights Legends

For Government or defense agencies: Use, duplication, or disclosure by the Government or defense agencies is subject to restrictions as set forth the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 and in similar clauses in the FAR and NASA FAR Supplement.

For civilian agencies: Use, reproduction, or disclosure is subject to restrictions set forth in subparagraphs (a) through (d) of the Commercial Computer Software Restricted Rights clause at 52.227-19 and the limitations set forth in Cybersource Corporation's standard commercial agreement for this software. Unpublished rights reserved under the copyright laws of the United States.

Trademarks

Authorize.Net, eCheck.Net, and The Power of Payment are registered trademarks of Cybersource Corporation. Cybersource, Cybersource Payment Manager, Cybersource Risk Manager, Cybersource Decision Manager, and Cybersource Connect are trademarks and/or service marks of Cybersource Corporation. Visa, Visa International, Cybersource, the Visa logo, and the Cybersource logo are the registered trademarks of Visa International in the United States and other countries. All other trademarks, service marks, registered marks, or registered service marks are the property of their respective owners.

Confidentiality Notice

This document is furnished to you solely in your capacity as a client of Cybersource and as a participant in the Visa payments system.

By accepting this document, you acknowledge that the information contained herein (the Information) is confidential and subject to the confidentiality restrictions contained in Visa's operating regulations and/or other confidentiality agreements, which limit your use of the Information. You agree to keep the Information confidential and not to use the Information for any purpose other than its intended purpose and in your capacity as a customer of Cybersource or as a participant in the Visa payments system. The Information may only be disseminated within your organization on a need-to-know basis to enable your participation in the Visa payments system. Please be advised that the Information may constitute material non-public information under U.S. federal securities laws and that purchasing or selling securities of Visa Inc. while being aware of material non-public information would constitute a violation of applicable U.S. federal securities laws.

General Information

These release notes cover all releases to the production server for the week ending July 30, 2021.

Announcements

Cybersource through VisaNet Rebranding

The Cybersource through VisaNet product is now called *Visa Platform Connect*.

Features Introduced This Week

- [RM-10408] Resellers who board or manage an organization can mark products as self-enabling if they are eligible for self-enabling.
- [RM-10506] The Business Center now supports the Italian language.
- [RM-10773] The Notification Subscription API and the new Secureus-KMS endpoint can now be accessed by merchants through the Common Gateway Keeper.
- [RM-10930] Merchants can now automatically calculate surcharge amounts based on factors that could be included in the authorization requests, like purchase total amount, channel, or card type. Merchants can also configure rules in the Business Center where they can specify surcharge rates that apply to transactions for each channel and scheme and for domestic or international transactions.
- [RM-11040] Nine-digit BINS are now sent to Global Blue's dynamic currency conversion service to provide accurate responses.
- [RM-11245] CAS hardware security module changes are released for the Sundry Job Processor.
- [RM-11350] Japanese MIDs using Secure Storage now have their Monthly Token Counts included in the UK Billing Extract and can be subject to Billing by Oracle Revenue Management and Billing.
- [RM-11394] Quod is now available for credit card ownership and consumer validation services.

Fixed Issues

- [RM-11029] A bug that caused no-authorization transactions to fail in Internet Explorer is now fixed.
- [RM-11061] Automatic authorization reversal is now fixed for Credit Mutuel-CIC (CM-CIC) and BNP Paribas after timeouts.
- [RM-11258] Merchants in CAS who are enabled for Fraud Mangement Essentials (FME) no longer appear by default to have FME enabled in Production when they do not.
- [RM-11394] The order elements "One Leg Out" and "Acquirer Country" are removed from the Business Center pending further development of these elements.
